Testimonials

Yamini Suman

Senior Software Engineer at Dell Technologies
Dublin, County Dublin, Ireland

Summary

With over 8 years of dedicated front-end development experience,
I have successfully contributed to projects for renowned companies
such as Dell and LSEG. Proficient at crafting pixel-perfect layouts,
ensuring cross-browser compatibility, and optimizing performance,
I excel at tackling complex challenges. I am eager to leverage my
skills in delivering innovative solutions for your team, ensuring top-
tier performance and user experiences.
